# OVERVIEW

The Weinberg Foundation provides approximately \$100 million in annual grants to nonprofits that provide direct services to low-income and vulnerable individuals and families, primarily in the US and Israel. Grants are focused on meeting basic needs and enhancing an individual's ability to achieve self-sufficiency with emphasis on older adults, the Jewish community, and the Weinberg Foundation's hometown communities of Maryland, Hawaii, Northeastern Pennsylvania, and Israel.

In the following pages, the Foundation has identified selected grants of \$50,000 or more that were approved and distributed to Jewish organizations during the past three years. During that time, the Foundation approved more than **160 grants** totaling **\$115.9 million**. Of the total funds approved, **\$102.2 million** has been paid to date.

- Continued its long-standing partnership with the American Jewish Joint Distribution Committee (JDC), approving nearly \$44 million in grants over the last three years. JDC is the largest single grant recipient of the Foundation, receiving more than \$260 million since 1990.
- Approved more than \$16 million in grants to The Associated: Jewish Community Federation of Baltimore, as well as its constituent agencies, including the Center for Jewish Education, CHAI: Comprehensive Housing Assistance, Inc., and Jewish Community Services.
- Increased to \$14 million its total funding through 2016 for emergency services, including food, health care, and transportation for Holocaust survivors residing in North America. In 2010, the Weinberg Foundation provided a \$10 million grant to the Conference on Jewish Material Claims Against Germany (Claims Conference), which allocates the funds through the Weinberg Holocaust Survivors Emergency Assistance Fund (Holocaust Survivors Emergency Fund).
- Committed \$9 million over three years to support the renovations of dormitories at youth villages in Israel, with the goal of renovating at least 40 dormitories throughout the country. This initiative is part of a national program and partnership with Israel's Ministry of Education and the Naor Foundation.
- Provided more than \$2 million to Hebrew Home for the Aged at Riverdale, in New York, to support the Weinberg Center for Elder Abuse Prevention. The Weinberg Center works to prevent and intervene in the abuse of older adults by providing emergency services, public and professional education regarding elder abuse, and support to other elder abuse shelters.

## WORKFORCE MATCHING GRANT INITIATIVE

The Harry and Jeanette Weinberg Foundation has partnered with the Jewish Funders Network on a matching grant initiative intended to energize the philanthropic community in the area of workforce development. Funds support direct service providers, primarily in the US and Israel, who focus on career training and advancement. Sixty-one foundations or individuals matched and even went beyond the Weinberg Foundation's support of \$3.6 million dollars for the 29 organizations listed below. As a result, a total of \$9.4 million dollars will help more unemployed and underemployed individuals enjoy career ladders and jobs with livable wages and benefits.

## JEWISH LEADERSHIP PIPELINES ALLIANCE

The Weinberg Foundation is also focused on leadership within Jewish nonprofits. Multiple studies in the nonprofit sector, and the Jewish nonprofit sector in particular, have flagged a growing concern. For a variety of reasons, a vast majority of nonprofit organizations, more than 75%, will experience CEO retirement and turnover in the next 5-7 years. And not only CEO departures, but key senior staff members who have been in long-held positions will be retiring. The question is: Where is the talent to fill those roles, and how will they be identified, recruited, hired, trained, supported, and valued? The Jewish Leadership Pipelines Alliance consists of leaders of some of the nation's largest Jewish philanthropies. This Alliance was created to explore the issues affecting how leadership pipelines are being filled and to identify ways of strengthening the pool of potential senior leaders.

“WHILE OTHERS ARE FINDING  
THE CURES FOR ALL THE ILLS OF  
THE WORLD, SOMEONE WILL  
BE HUNGRY, SOMEONE WILL  
BE COLD. THAT’S OUR JOB.”
