

The Harry and Jeanette Weinberg Foundation

. CALL FOR .

CAPITAL PROJECTS

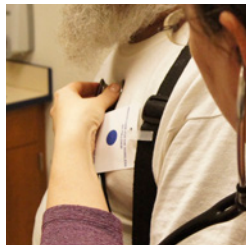

The Harry and Jeanette Weinberg Foundation is seeking high-quality capital projects within our priority communities of Maryland, Northeastern Pennsylvania, Hawaii, Chicago, New York City, San Francisco, rural communities throughout the United States, and the State of Israel*.

The Foundation will consider capital projects that incorporate evidence-based best practices and provide direct services for low-income and vulnerable populations, including older adults, families, children, and youth. Projects will receive full consideration regardless of the requested grant amount—whether \$100,000 or more than \$1 million.

SUCCESSFUL PROJECTS MAY INCLUDE, BUT ARE NOT LIMITED TO:

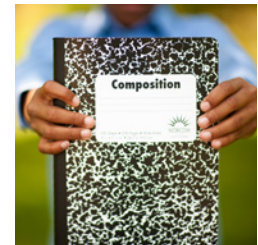

Affordable housing developments, with integrated case management / comprehensive services for people and families experiencing homelessness, veterans, people with disabilities and/or older adults.

Expansion of access to health care – including behavioral health and dental care – in community health centers serving people with low-incomes, and projects that focus on integrating health services with affordable housing.

Technical training facilities and/or equipment, to support job training programs that result in industry recognized credentials, as well as job placement and retention services for unemployed and underemployed individuals.

Space dedicated to out-of-school time programming, **K-12 STEM spaces (e.g. maker spaces, Fab Labs), and/or CTE (Career Technical Education)** programs all serving underrepresented and low-income students.

** In Israel, the Foundation will only consider capital projects that focus on older adults, women and children at risk, and technical training facilities and/or equipment for unemployed and underemployed individuals.*

As part of a new, streamlined application process (**CAPITAL GRANTS ONLY**), please visit our website home page, www.hjweinbergfoundation.org and click on the **“Apply for a Capital Grant”** button.
