# About The Harry and Jeanette Weinberg Foundation

The Harry and Jeanette Weinberg Foundation, one of the largest private charitable foundations in the United States, is dedicated to meeting the basic needs of people experiencing poverty. In 2022, the Foundation expects to provide approximately \$140 million in total grant activity supporting nonprofits that provide direct services in the areas of Housing, Health, Jobs, Education, and Community Services. Grants support organizations that serve a range of populations, including older adults, women at risk and their children, people with disabilities, and veterans, as well as the Jewish community.

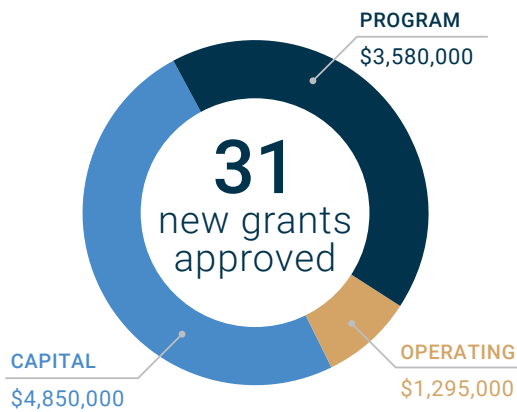

The Foundation administers the majority of its funding in its priority communities of Baltimore, Chicago, Hawai'i, Israel, New York City, Northeastern Pennsylvania, and San Francisco, as well as rural communities within proximity to priority communities. Foundation funding extends to the greater metropolitan areas of the specific cities listed. All of these locations represent personal ties to the life and legacy of Harry Weinberg, as well as communities where Weinberg Foundation trustees reside and provide leadership. Since 1990, the Foundation has distributed grants totaling more than \$2.5 billion.

## Overview of Hawai'i Operations

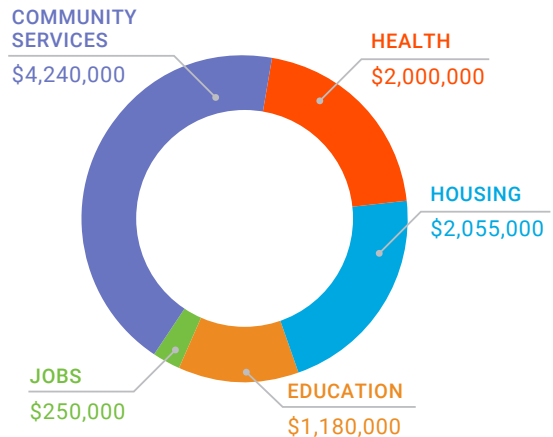

Over the past 30 years, the Foundation has provided a total of approximately \$350 million to nonprofits in Hawai'i. The Foundation has increased its grantmaking in Hawai'i to \$12 million per year, funding dozens of organizations across the Islands. In addition to the Foundation's overall grantmaking priorities, the Foundation is dedicated to meeting the unique needs of rural communities in Hawai'i. The Foundation also owns more than \$1 billion in Hawai'i real estate, which—as part of the Foundation's overall investment portfolio—helps to fund its philanthropic work in Hawai'i and throughout the United States and Israel.
